Hi Fiosrú, the new Irish Police Ombudsman,

E.F. Fluff here.

The correct Honorific and ongoing attempts at underhand transphobic abuse in the Course of your official duty:

The correct honorific for me is Mx.

Fiosrú have been informed of this multiple times. That you continue to use Mr. is inexcusable.

Attached is Justice Melanie Greally's Judgment. You can very clearly see Judicial recognition of my non-binary status.

I do not know how Fiosrú expect me to take correspondence in good faith when you continue to act abusively like this.

Delay in reply:
My apologies for the delay in replying, I have been indisposed and also, including but not limited to, addressing health issues, and cross-border issues stemming from Kevin Street and Irish Town Gardaí's grounding illegal abuses of the PULSE system, the insertion of false information, escalating to outright lying to Helsinki and Finnish Police.

Re: Brief Partial Recap:

Allow me to quickly recap for Fiosrú of the lies that the Gards have been telling Finnish Police:
I was told directly by Helsinki Police that Irish Gards have told them:

- I have a long history of violence against the police
- I have hidden armaments for use against police
- I hide knives around my apartment for use against the police
- I boobytrap apartments against the police
- I set petrol petrol traps in my apartments to burn police.
- I'm an arsonist who attacks cop and tried to burn an entire apartment block in Dublin

  - By September 2024 this had got so bad that Helsinki Cops were asking me about a cop I either murdered or seriously burned alive. An Irish Police Officer no one Finnish Police officer or member of Authority can name because he does not exist.

Essentially that I am a domestic terrorist.

This is attempted murder. No police officer in the EU can falsely tell another police force that a member of the public is a heavily armed, police hating, police attacking, police murdering terrorist, and not put that member of the public in mortal danger.

This obviously false information I was left struggling to fight as Helsinki Police kept telling me "But they[Irish Gards] are police and we **HAVE** to believe them."

Because Finnish Police, whatever their faults may be, and there are many, could not fathom a reality where Irish Gards would take the International relationship and police trust between them and piss it up against the wall by treating them as imbeciles to be used to prevent PIAB proceedings in Ireland and thus protect a small coterie of wholly criminal and corrupt Gardaí in the South Metropolitan Dublin area. They literally could not fathom that reality. So when I stood before militarised Helsinki Police with assault rifles waving my attested Court Judgment stating they had been lied to. They could not believe any police force in the EU would be so craven, so criminal, as to treat them like that in order to harm a vulnerable disabled person. It is only the training they receive that prevented me from being shot or more seriously harmed than I was. And I was.

These lies led to Helsinki Police into an absolutely incoherent refusal of a Finalised Irish Court Judgment—namely the Dublin Circuit Criminal Court 4.e Pre-Arraignment before then the most learned Judge Melanie Greally. Who is now Ms. Justice Melanie Greally of the Irish High Court.

These lies are again, supposed to be subject of a WHOLE OTHER complaint process by Fiosrú as they are ADDITIONAL misconduct by the involved members of An Garda Siochana and GSOC/Fiosrú.

These lies by Kevin Street and Irish Town Garda, compounded by corruption at GSOC and Fiosrú have led Pasila Helsinki Police into serious breaches of the Treaty of the Functioning of the EU Articles 82 and 81 (and 47 and others).

Despite my severe grievances with Pasila and Helsinki Police, I have tagged in a senior Pasila Detective. Because Pasila Police whilst liable themselves, have right by Finnish Law, Irish Law, and EU Law to hold An Garda Siochana, GSOC/Fiosrú and the Irish State liable for aggravated fraud and partial coercion into breaching fundamental and foundational EU LAW AND TREATY.

Does Fiosrú understand that the Dublin High Court Clerks office were so flabbergasted at an EU Police Force REFUSING a Criminal Court Judgment that they did not know what to respond and that is why they are linked into this email should Fiosrú or any attached non-High Court Authority attempt to draw them in as liable into Kevin Street, Irish Town and GSOC/Fiosrú's web of deceit and corruption.

Requested Information:

Address: I do not see how this is important.

Attached is my passport. [redacted]

Re: Grounding Complaint:

Fiosrú have repeatedly told me the complaint was already addressed. This cannot actually have happened as GSOC Gary Russell contradicted the medical records he manipulatively and it has been stated by legal professionals, fraudulently gained access to. I have the phone recordings of SOME of Gary Russell's misconduct.

His final report which I have repeatedly requested another copy of in email is filled with contradictions and errors. Not least, I was released from St. James Fownes Ward after it was found Gardaí had lied to St James Hospital. Which makes ALL of Gary Russell's findings invalid and void.

However the medical records Gary Russell had access too are horrific in that they are covered in Doctors notes repeatedly stating that what A168 Garda Brian Peter Gillan wanted them to do was illegal.

The fact that what happened then breached the mental health act to a point of amounting to criminal kidnapping is again further evidenced by my literal

disappearance for a long period of time from ALL records.

There is simply no evidence of where I am.

However based on the fraudulent statements sworn by Gillan and colleagues: I am naked.

Where could I have gone if I was naked except for a couple of blankets?

Noting again: Ciaran Murphy now of Fiosrú is recorded trying to lie to me about the crime of kidnapping and the An Garda Siochana Act.

GSOC and Fiosrú have consistently attempted to cover this up, in part because Ciaran Murphy moved to GSOC.
If he did not and was already at GSOC then the phone recordings I have of him harassing me during the Court proceedings are further breaches of the Law and that includes him trying to outright deceive and lie to me about the Law before the Court.

All of which is again worsened by the fact Ciaran Murphy, then claiming to be Inspector Ciaran Murphy of Kevin Street, informing me that Garda A168 Brian Peter Gillan was organising and colluding in perjury, false evidence statements, and fraud of the Dublin Circuit Court and lying to the DPP and Justice Melanie Greally.

This is all again despite the fact that Justice Greally's Judgment should at the very least have served for the matter to be reopened. That is despite the very obvious criminal corrupt white washing former GSOC former Fiosrú operative Gary Russell criminally performed for Garda A168 Brian Peter Gillan.

There are now 4 OHCHR complaints attached to this.

Acknowledge for once that Fiosrú understand that this has already gone to the United Nations, and more will filed, and it is going to the EU Commission and EU Parliament.

I am now on mainland Europe talking to EU Organisations and Human Rights Organisations.

This situation of criminal fraud leading to breaches of EU Law and Treaty has forced me to be a victim of severe and in the words of others, some of whom are experts, "shocking, appalling, and disturbing abuse", "human trafficking", and "hate crimes".

This is not going away.

Re: Data Protection Request:
Fiosrú can provide me with all the requested digital records previously requested of GSOC and Fiosrú here, via email, and stop attempting to make this go away by obstruction. It is not going away. It will not go away. And now, because they lied to Finnish Police, there is no way it can ever, at any point, even quietly be dealt

with.

Other matters:

1. You'd likely want to inform the two Irish Two Detectives to stop harassing me via illegal and legally broken and void warrants.
2. They submitted a false instrument to the District Night Court. They'll be lucky if they keep their pensions.
3. You can inform Murphy it would wise to withdraw his fraudulent matter from the District Court whilst he still has a modicum of skin he can save.
4. And tell now Fiosrú representative John, to prepare to return my cat Meowseph. That's absolutely immovable.
5. Fiosrú recover the cat stolen from me via abuse of a "manifestly vulnerable" disabled person by a GSOC and now Fiosrú representative.
6. Provide information on the recovery of my digital devices and other items confiscated by Kevin Street and Irish Town as they attempted to confiscate all evidence and my access to such. Which is not coming from me, the Irish Town boys were smart enough to state this in recorded interview.

Y'all think this is funny.

It's not going to end funny for your "fledgling" organisation.

I want the years of my life your organisation's collusion, obstruction, and corruption **stole from me**, returned to me. In full.

And if Fiosrú **ARE UNABLE TO REWIND TIME AND GIVE ME BACK THAT DECADE AND GIVE ME MY CAREERS BACK AND GIVE ME MY SPINE AND HANDS BACK.**

Then Fiosrú is going to have figure something out.

Kind regards,

E.F. Fluff
